Other dancer news: our favorite couple contra dancers, Karl and Wreatha, are in Tanzania, East Africa for a year, with Wreatha working with expectant mothers and Karl developing working water solutions for the communities. We will miss their smile, their ready help and encouragement on the dance floor with new dancers, and Refreshments - they were great organizers each month.

We hope some of you can step in to fill their big shoes.

Any refreshments are always welcome !!!

If you have time, come early and help set the scene for a tropical island (decorations) at 7 pm. Or step in as "dance angels" at 7:30 pm.

See list below for future fall dance dates. See you on the dance floor.
