Special Contra Dance with
Squirrely Dan (Levenson) and the Cat Mountain
Rounders from Arizona

We are so pleased to have back in Las Cruces DAN LEVENSON and his band, the CAT MOUNTAIN ROUNDERS from Arizona.

A Southern Appalachian native, Dan was raised on old-time music and has become a true master musician and teacher in both the clawhammer banjo style and old time fiddling, and has been touring internationally for 20 years.

JERRY RAY WEINERT is one of the best string bass players around. He has been playing the same bass fiddle for over 40 years on concert and festival stages throughout the US, Canada, Europe, and in numerous bands, including one of our favorite bands, Tucson's Privy Tippers.

You can check out Dan's music at: <http://clawdan.com/index.php?/listen>
Listen to the Privy Tippers and on the same page **see some really good contra dance videos:**

We missed the **Lindseys** last month – Frances was in the hospital and we wish her a full recovery.

AMY MUISE made her second debut as a contra dance caller and she is good!! We hope to hear more of her calling on stage.

And kudos to the fellow with the **Chicago Cubs uniform** – it worked magic, yeah Cubbies!!!
